N · I · C · E**National IRES Continuing Education****The mandatory continuing education program for AIE® and CIE® designees**

All AIE® and CIE® designees must comply with the Society's annual, mandatory continuing education program. Fifteen (15) qualifying credit hours must be reported to the Society each year to keep the designation in good standing.

The reporting year is September 1 through August 31.

A few weeks after your designation has been approved, you will receive a NICE manual outlining the continuing education requirements containing full details as well as reporting forms. You may also see the NICE program procedures at the IRES web site, www.go-ires.org.

Excerpts from the IRES Code of Professional Conduct and Ethics

To maintain and broaden public confidence, members should perform all regulatory responsibilities with the highest sense of integrity. Integrity is an element of character fundamental to professional recognition. It is the quality from which the public trust derives and the benchmark against which a member must ultimately test all decisions. Integrity requires a member to be, among other things, honest and candid within the constraints of statutory confidentiality. Service and public trust should not be subordinated to personal gain and advantage. Integrity can accommodate the inadvertent error and the honest difference of opinion; it cannot accommodate deceit and subordination of principle. Integrity also requires a member to observe the principles of objectivity and independence and due care...
