# CDS 2025

HOUSTON, TX

JULY 27-29

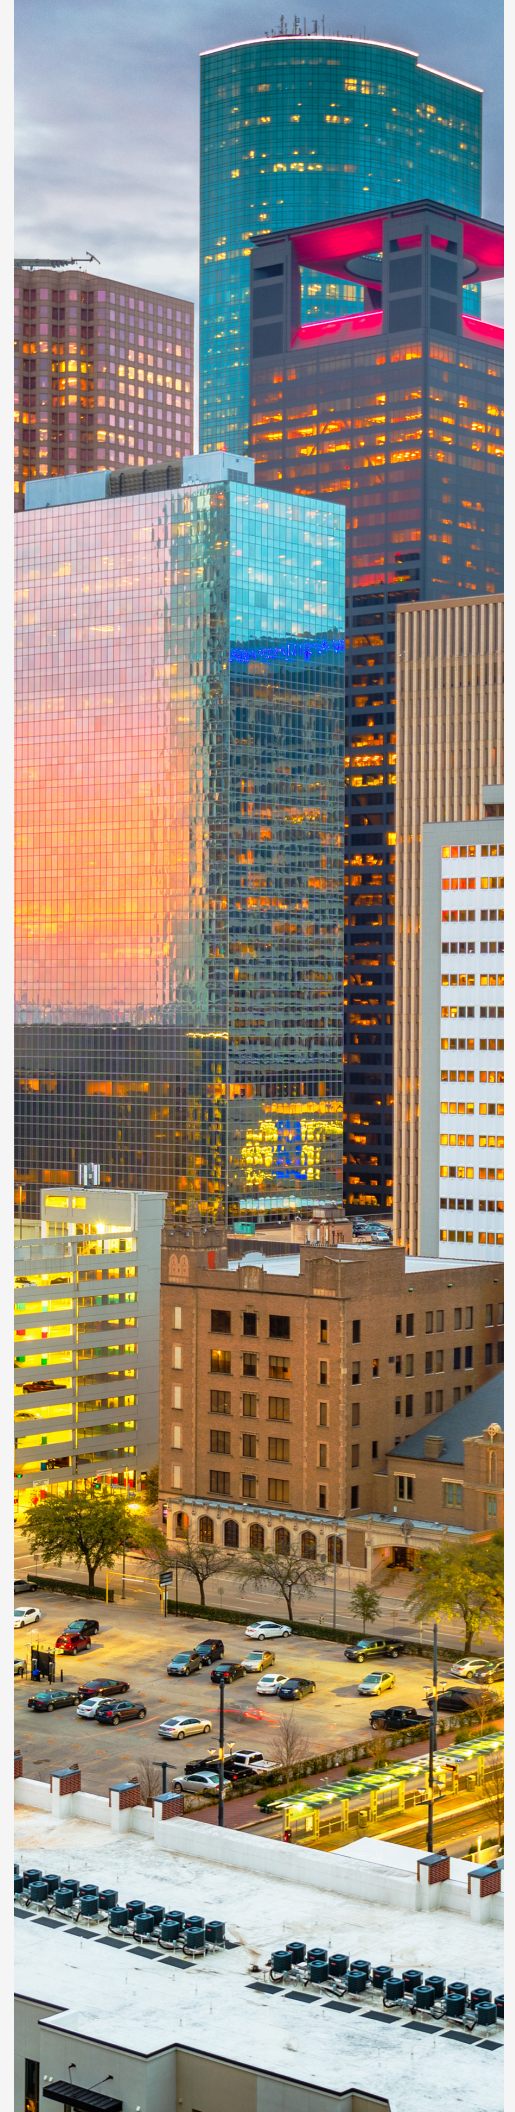

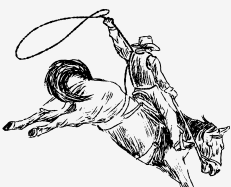

# JOIN US IN HOUSTON, TEXAS

Saddle up for the Insurance Regulatory Examiners Society's (IRES) Career Development Seminar (CDS)—the biggest rodeo in insurance regulation! This roundup of workshops and continuing education is the premier professional development event for regulatory professionals. It's your chance to wrangle insights on key industry issues, ride alongside experts, participate in important discussions regarding current regulatory issues, and lasso valuable connections with regulators from across the country.

This event is sure to be a wild ride, full of surprises and good ol' fashioned fun! To truly embrace the Texas spirit, we're encouraging everyone to dust off their boots, throw on their cowboy hats, and sport their best western wear throughout the entire event. So saddle up and dress the part—let's make this rodeo one to remember!

By sponsoring the 2025 CDS, you'll have the opportunity to brand your business in front of a highly targeted audience and rope in new revenue opportunities. With top-tier sponsorship packages available, our team will work with you to ensure your organization has proper placement and special recognition throughout the event. Don't miss your chance to be part of this high-stakes event! If you have any questions, give the IRES office a holler at 708-820-8112.
